If the announcing member's remote participation is for any reason other than military duty, the member must announce his or her physical location "by stating the county, city, township, or village and state from which he or she is attending the meeting remotely." The member's public announcement must be included in the meeting minutes."

Therefore, I, will take attendance immediately after Chair Nash calls the meeting to order. When I call your name, please say "here" and announce the city, township, or village; county; and state from which you are attending the meeting remotely.

If members of the public wish to address the Board, you may do so during the public comment portion of the meeting, which is on our agenda and will be announced by the Board Chair.

At that time, those wishing to address the Board should indicate their desire to speak by pressing *9 (star-9) or the "raise hand" option.

TRUSTEE COMMENTS

Trustee Emrich thanked Dr. Goodnow for her excellent service to the College. He said that she is truly a servant leader. She has made tough decisions that have not always been popular but benefitted the College immensely. He commented that she did her job well and accomplished great things – noting the Downtown Saginaw Center as one example. He wished Dr. Goodnow well and said “God bless you for all you have done.”

Trustee Baldwin thanked Dr. Goodnow for being so accepting and kind when she was appointed to the Board. She thanked Dr. Goodnow for all she has done. Trustee Baldwin also welcomed Trustee Wood to the Board.

Trustee Thomas thanked Dr. Goodnow for her inspiration and dedication to the students. She thanked Dr. Goodnow for all she has done for Delta College. Trustee Thomas also welcomed Trustee Wood to the Board and said she is excited about the partnership with Jackson State.

Trustee Middleton congratulated Trustee Wood and welcomed him to the Board. She thanked Dr. Goodnow for the tremendous legacy she is leaving. She said that, for Jean, it was always about student success. She lit the path for students to succeed in the future.

Trustee Rowley said that he also appreciates Dr. Goodnow. He noted the wonderful legacy she leaves behind and said he is pleased to know she is staying in the area.

Trustee Rowley said he appreciates the substantial communications that the administration is sending regarding COVID protocols. He spoke about mask and vaccine mandates. He said that he encourages personal choice and not mandates for COVID vaccines. He asked that the College does not move to making vaccines a requirement.

Trustee Rowley also said, “For the next version of any faculty contract we approve, I would like to see some monies shifted towards student services. The monies I’m talking about could be used for wages and benefits. For example; if we need to do an inflation adjustment.

Specifically, we have release time granted for union business. Comparing this to other community colleges in Michigan, the amount of time we have granted does not appear typical. A handful of these colleges have just a few hours of release or a small

amount of time for training or a convention. Many do not appear to have release time.

I would like to see us leave flexibility for the union to decide how they choose to handle their business. They may choose to handle union business on their own free time, or to use their dues to hire a part time or full-time person, or to hire a group of people.

For avoidance of doubt let me be clear: Yes, I am stating that I believe the union members should pay for their own representation out of their own dues. This way they can handle all representation any way they want to. I do not believe we should force on the faculty that all of their union business has to be handled through an allocated fixed number of hours.

While we had release time granted before for the senate, that was different. It was shared governance while we—as a joint group—took time away from serving our customers; the students. Union business is different in that an independent 3rd party was chosen to be in the middle.

Whatever time is needed for the faculty to work with that 3rd party—or for that 3rd party to negotiate with the college—should, in my opinion, be paid for by the faculty or the union — and not the college — via union dues for whatever representation the union members want. College monies should be preserved for budgeting for student services, wages, benefits, or contingencies.

What we have right now is not typical of Community Colleges in Michigan. It also does not leave—for individual union members—the right to decide how much of their money they want to spend on union business vs keeping for their own disposable income. I would like to see the paid release time eliminated the next time a contract is brought to the board, and see the monies instead go to student services, wages, benefits, or emergency reserves.”

Trustee Gannon thanked Trustee Buckley for his service. She welcomed new trustee, Michael Wood.

Trustee Gannon thanked the staff who have made the “busiest of times seem easy.”

She congratulated all who contributed to the building and opening of the Downtown Midland Center. She remarked that it was an amazing effort and is a beautiful building.

Trustee Gannon said that it is bittersweet to be here for Dr. Goodnow’s last meeting this evening. She quoted Dolly Parton, ““If your actions create a legacy that inspires others to dream more, learn more, do more and become more, then, you are an excellent leader.”

Trustee Gannon said that Dr. Goodnow has been a tremendous blessing to the College and the community. She thanked Dr. Goodnow for her commitment to Delta College.

Trustee Wood thanked Dr. Goodnow for her service. He said that she made some tough decisions using data and really turned the College around. He wished her good luck in her retirement.
