

Delta College Honors Program New Course/Faculty Proposal

Instructor _____

Course Title _____

First Semester to be Offered _____

Method of Instruction*: _____ Face-to-Face _____ Online _____ Blended

Note: Please attach a course syllabus when submitting this proposal.

***Please address your responses specific to your method of instruction.**

How is this course consistent with the course description, outcome and objectives of Honors Courses?

How will this Honors section differ from non-Honors sections of the same (or similar) course?

What expectations does the instructor have for students enrolling in the course? (Include any prerequisites. This might include attendance, student behavior, and performance or academic ability.)

Honors Course Description

Provides opportunities to engage in independent intellectual inquiry to foster deeper learning.

Honors Outcomes and Objectives

Practice intellectual curiosity and apply it in independent ways to deepen their understanding of course material.

- A. Complete at least one significant project, either individually or as a group depending on the instructor's discretion, and work with the instructor to assure that the project demonstrates intellectual curiosity and academic rigor
- B. Actively engage with their peers in conversations, seminars, or in other formats at the instructor's discretion to enhance the depth of knowledge of the relevant material
