

DELTA COLLEGE DEVELOPMENTAL EDUCATION PROGRAM

Our Vision

**We open
the door to
opportunities
for diverse
learners
to grow.**

Delta College

Our Mission

**Delta College's
Developmental Education
Program welcomes our
community's learners.**

We are committed to:

- Offering each student a quality Delta College Experience.
- Ensuring collaboration / coordination between college services and curriculum, to facilitate student success.
- Assisting each learner in achieving individual educational goals.
- Continually assessing our progress and successes, opportunities and goals.
- Providing quality educational experiences for all Delta students, faculty and staff.

Our Goals

**In accordance with the
National Association for
Developmental Education,
our program goals are:**

- To preserve and make possible educational opportunity for each postsecondary learner.
- To develop, in each learner, the skills and attitudes necessary for attainment of academic, career and life goals.
- To ensure proper placement by assessing each learner's level of preparedness for college coursework.
- To maintain academic standards by enabling learners to acquire competencies needed for success in mainstream college courses.
- To enhance the retention of students.
- To promote the continued development and application of cognitive and affective learning theory.

*Goals adopted from National Association of Developmental Education (NADE).
