

## **ASSISTIVE TECHNOLOGY/ADAPTIVE AIDS**

Students who have visual, hearing, or various learning disabilities may qualify for and require alternatively formatted material (e.g. Braille, large-print, Books-on-Tape, etc.). Specialized “tools” and equipment furnished by Delta such as tape recorders/players, CD players, calculators, Phonic Ears, or Amigos (see “Scooter” section), may be borrowed on a daily or semester-long arrangement depending on the nature of the disability.
