

DELTA COLLEGE

Right To Know Training Record

Return Completed Form to Facilities Management - Office B163

Date: _____

Name (print):

Signature:

On the above date, I reviewed the Right To Know program during which the following topics were presented:

1. An overview of the requirements contained in the Uniform Hazard Communications Standard and the Michigan Right To Know Law.
2. Location and availability of Material Safety Data Sheets (MSDS) including the MSDS master file and service area files and the written Hazard Communication program for Delta College.
3. Common terminology for hazardous properties.
4. Methods and observation techniques I can use to determine the presence or release of hazardous chemicals in the work area.
5. How to lessen or prevent exposure to potentially hazardous products through safe work habits, the use of personal protective equipment, and by becoming familiar with chemical hazards and emergency procedures.
6. Steps the College has taken to lessen or prevent exposure to potentially hazardous chemicals.
7. Emergency procedures to follow in the event of a chemical release.
8. How to read labels and MSDS to obtain appropriate hazard and product information.
