

Miss Mona White was an active, wonderful, Associate Professor of Nursing at Delta College. She was on the Board of Directors of the Bay County Women's Center and was a member of Delta's Human Relations Committee (HRC). The HRC wanted to do something in her memory after she was killed in a boating accident on Memorial Weekend, five years ago.

This year we plan to partner with the "Delta Dress for Success Boutique". This Boutique will be used by Delta College Students that need a helping hand in finding clothing for job interviews and employment. The clothing will be given to students **FREE** of charge. To minimize costs, professional clothing must be ready to wear; **freshly laundered** or **dry cleaned** and on a **hanger**. Please help us by donating gently used professional clothing for our students. In addition, we will be collecting items for the local shelters as we did last year. Thank you in advance for your support!

Professional Business Attire (men's & women's) Drop off location for these items **ONLY** will be in D 134 or, if no one is available, in Career Services (D102) during regular business hours.

Children & Women's Clothing and Personal Care Items - Drop off locations are listed below:

A-061, S006, S046, F212, M121, P160, J101, J102, N-40, G109, and D102.

**This year's drive will run between February 8 through April 30.**

***For specific items the shelters need, please visit their website at:***
