9 am to 3 pm
@ Delta College

For students going
into 9th - 12th grades

\$10 non-refundable
registration fee
(Thanks to our sponsors!)

Camp Health & Wellness

is designed to introduce students to the various health-related careers within the Health Sciences Career Pathway. Each day, students will attend hands-on sessions led by local health professionals, college and career center instructors. Participants will have an opportunity to train in adult CPR and learn about professional and employability skills.

What previous campers say:

"I didn't know a lot about some of the careers and learned a great deal about them at Camp."

"The thing that surprised me most was how much interaction there is in each occupation and how many different career options are available to me."
