### Locating Information in Periodicals

Search the following online databases/indexes to locate journal articles (electronic format) on your topic:

[InfoTrac](#) is available from the [Delta Library website \(Journals and Magazines\)](#), either on campus or remotely with password. For OFF-Campus access, use your Delta username and password. For help, please call the Reference Desk at (989) 686-9560.

[PubMed](#) is a service of the National Library of Medicine, that provides access to over 11 million MEDLINE citations back to the mid-1960's and additional life science journals. PubMed also links to sites with full-text articles and resources. Almost all of PubMed's articles come from scholarly, peer-reviewed/refereed journals.

TIP: PubMed offers a link to "limit" your search. By clicking on "Limits", you can limit the search to "Links with free full-text" (entire article) and you can limit to articles presented in English.
