

DELTA COLLEGE TOOL LIST

AUT 108: INTRODUCTION TO AUTOMOTIVE ELECTRONICS

ITEM#	DESCRIPTION	QTY	COST	EXTENDED
ATD 5513	CIRCUIT TESTER	1	\$8.49	\$8.49
FLU 87-5/E2	DIGITAL MULTIMETER	1	\$419.99	\$419.99*

* If you plan on continuing your education to the ASEP or AGM110 we advise you make the investment in the 87-5E you will need it for that class, if you can't afford it right now, since this is an introductory class I will let you use the school's meter's for this class only.) Euclid Auto does offer a reasonable multimeter combo, that can be used, ** part number's 5570K and 5544 ATD cost is \$120.94. This combo of meter's will do all the 87-5 Fluke will do at a savings of \$299.05. A TL224-1 connector comes packaged with the 5570K and in the 87-5/E2 Fluke kit. All other type meters will require the additional purchase of a TL224-1 (\$14.95) to attach the AC89 Fluke probe.
