<u>ITEM #</u>	<u>QTY</u>	<u>DESCRIPTION</u>	<u>COST</u>
LIS14900	1	GM WEATHER PAK TOOL	\$13.83
LIS56500	1	TERMINAL RELEASE TOOL	\$13.91
ATD125	1	35 PIECE TORX SET	\$44.95
FLUAC89	1	FLUKE WIRE PROBE	\$39.00*
		TOTAL	\$111.69

All the AUT tool lists are available on the Store Website: EUCLIDAUTO.COM

***For the electrical classes, 110, 210, 226 and 228 the FLUAC89 is required. Also required is a multimeter. The AUT program recommends the FLU87E/2, cost \$419.99. However, there are units available that will be accepted by the course instructors. Available is the 5570K and 5544 ATD digital multimeter combo. Both units together sell for \$120.94. A \$299.05 savings vs. the Fluke**

SK Master Set (VTS03212) is required for all classes AUT 110 and above. This complete base set sells for \$1149.49

**Please add Michigan state sales tax of 6% to all purchases.
Prices of course are subject to change due to manufacture changes.**
