**COMMITTEE OF THE WHOLE ACTION**
**BA4583**

It is the recommendation of the Administration that the Board of Trustees approve the Campus Smoking and Tobacco Free Policy as follows:

Effective August 1, 2007, Delta College will become a tobacco free campus. Smoking and use of tobacco products will not be permitted anywhere on the campus; including centers, campus buildings, sidewalks, parking lots, building entrances and common areas, and in college-owned vehicles. The Administration shall fully implement this policy, and all applicable laws, regulations, and local ordinances related to smoking and tobacco use.

K. Lawrence-Webster moved for approval of the recommendation with support from D. Wacksman. J. MacKenzie stated that while he was in favor of the program, he was not comfortable with how the program would be enforced and could not see how enforcement could be carried out. K. Higgs was in agreement with this opinion. K. Lawrence-Webster stated that it was impossible to have any policy enacted without a challenge, and that the committee had done a great job in dealing with this issue. If there is a problem with enforcement she stated, the program can be reviewed. J. MacKenzie asked the Delta Counsel, Leslie Myles-Sanders if she felt the policy could be enforced. L. Myles-Sanders replied that she feels the policy is enforceable. D. Wacksman asked when the students would be informed. D. Lutz replied that it will be communicated when the Board passes the policy. B. Stafford said that there was no problem when the building went smoke free about 12 years ago, and that he liked the idea of the program stressing breathing clean air. E. Selby asked if there had been any problems with the Centers adopting the policy. S. Montesi replied that there had been one student smoking in the parking lot at the Midland Center who cooperated when
