Following our presentation in June, the Board requested that the Administration provide a monthly update on the work we are doing. This evening, Dr. Goodnow asked Ginny Przygocki and Patrick Tobin to provide a brief update on dual enrollment.

G. Przygocki and P. Tobin reviewed the handout on dual enrollment that was included in Board folders.

P. Tobin said that as of count date, dual enrollment students represent 10% of overall head count at the College. He said there are 817 students for a total of 5,368 credit hours.

Fall 2018 tuition and fees from dual enrollment total \$885,347. Revenue generated with a 5% increase in dual enrollment would be equal to \$44,267.

G. Przygocki said that P. Tobin has been doing an excellent job of getting out into our community and sharing the message about what Delta College can offer our area high school students through dual enrollment programs.

M. Benecke said that she encourages innovative thinking and collaboration, not just bottom line thinking when it comes to the whole idea of the "go-forward" model.

M. Rowley said that he would like a more in-depth presentation on dual enrollment so that Trustees could assist in educating the communities we serve about the dual enrollment programs we offer. K. Peatross supported having an in-depth conversation.

M. Nash encouraged that College to push beyond a goal of 5% increase.
