R. Emrich made a motion to approve the recommendation. S. Thomas seconded the motion.

M. Rowley said that he has concerns regarding the clarity of bullet three and who qualifies as immediate family. He also asked why COVID absences are not covered by this policy.

S. Raube said that COVID absences are covered in a separate policy and are managed through the Office of Disability Resources (ODR).

S. Raube said that the policy is written to be more inclusive and to allow the Dean discretion in determining immediate family. She said that in some cultures many generations live in the household. The College has a goal of being open, welcoming, and inclusive for students. The policy is written with that as the goal.

D. Middleton said that she has some concerns about administration of the policy as the detail is lacking. S. Raube said that administration of the policy is outlined in the procedures that support it.

M. Thomas said that she is in full support of this policy and said sometimes we need to allow discretion.

M. Wood asked if our partners (such as clinical sites) are being addressed. S. Raube said yes, her office would work with the faculty and the partners throughout the process.

M. Nash asked if this policy has been reviewed by legal. S. Raube said that it was not reviewed by legal. The policy was developed by studying other Colleges policies, using best practices, partnering with ODR and the Equity Office.

R. Emrich offered a substitute motion to postpone action on the policy until it has been reviewed by legal counsel. M. Rowley seconded the motion.

The Board voted 6-1 in favor of approving the motion. M. Thomas voted in opposition to the motion.

- PRESIDENT'S REPORT**
- Dr. Gavin said he is pleased to report that the College reached 101% of our winter enrollment goal. He reminded the Board that we were down in fall and added that shortfall to the winter goal. For the year, we are 1,600 contact hours off our budgeted goal. Thanks to everyone across the College for their efforts. Kudos to faculty who

accepted additional students in their sections. This work will continue into the winter for the second half of the semester.

- Congratulations to Delta's student cybersecurity team. They recently competed in a national event and came in 99th place out of 316 colleges and universities.
- Congratulations to Lula Woodard, adjunct instructor, who was selected by Delta's Black Faculty and Staff Association to receive the 2022 Spirit of Martin Luther King Jr Award. The award will be presented on January 17 at the 26th annual Martin Luther King Jr. Unity Luncheon, taking place at The Dow Event Center in Saginaw.
- The Great Lakes Bay Regional Martin Luther King, Jr. Celebration will take place on Wednesday, January 19, at 7pm, with Dr. Condoleezza Rice, 66th Secretary of State, as the speaker. Delta College is a sponsor of this event.
- The Administration has been meeting with various community groups and recently met with the local NAACP leadership team. We will be setting up a meeting with all members to help get the word out for enrollment. They will connect us with churches. If Delta's demographics reflected the three counties we serve, we are down 10% in African-American students and also down 35% in male students.
- Delta was represented very well at the recent Rise of the Phoenix national event. The program featured speaker Joe Madison and a panel discussion which included several Delta College faculty members.
- Winter Learning Day is on Friday, January 21. Dr. Cia Verschelden, keynote speaker, was at MCCA last summer. As part of our future completion, belonging, equity, diversity, and inclusion work she'll talk about student "bandwidth".
- For their leadership with the very successful Chocolate Affair, we have appreciation gifts for Stacey and John Gannon and Marcia and Daryl Thomas.
- Dr. Gavin wished Chair Nash a belated "Happy Birthday."

TRUSTEE COMMENTS

A. Baldwin said she is excited to see the new program in plant-based nutrition. She also talked about the excellent service that Admissions Representative, Cynthia Reyes, demonstrated in helping students. A. Baldwin thanked all faculty and staff for their hard work.

M. Rowley congratulated the College on achieving 101% of goal for Winter 2022. He said he wondered if the goal should be higher. M. Rowley also expressed concern that the College did not move to the CDC's recommendations for 5-day quarantine policy (and instead kept the 10-day policy). While he respects the Administration's rights to determine how the College operates, he is ultimately concerned with not using the College Facilities to the fullest potential. In addition, he noted that some people don't want to mask and that may be influencing their decision to come to Delta. He said he believes that the conservative

policies the College is employing could have an impact on the financials. For example, less students are on campus dining.

M. Rowley closed his comments by saying that in addition to the word “safety” in the President’s last goal, he would like to see “student success.”

M. Thomas wished all a Happy New Year. She said she is appreciative of the work that went into preparing the policies this evening and said the Board is in support of this work. M. Thomas congratulated L. Brown for a great job in facilitating the Rise of the Phoenix event. She added that the community is talking about the great work the College is doing.

M. Thomas said she is excited about the diversity officer position that is posted and added that the community appreciates it as well.

R. Emrich expressed his gratitude for the difference that Delta College makes. He said that reaching 101% of goal under our current conditions is a miracle. R. Emrich thanked the staff members who have reached out to him as he worked to help his brother. He said that Delta is about caring and that is why he has dedicated 30+ years to serving on this Board.

D. Middleton congratulated the Foundation on their new members of the Board of Directors. She remarked that they are “stellar folks” and will do an excellent job on the Board.

D. Middleton said that she is again involved with the annual scholarship review process through the Foundation. She urged her fellow Trustees to get involved with the rewarding experience.

D. Middleton sent thoughts and prayers to Trustee Benecke whose mother-in-law passed away.

M. Wood said he had the pleasure of attending the Police Academy Graduation in December. He said it was wonderful to see the graduates and the proud families who attended.

CHAIR COMMENTS

Board Chair Nash said that for the last two Januarys we have discussed COVID. In addition to the challenges of COVID, the Board worked together to hire Dr. Gavin following Dr. Goodnow’s resignation last January. While there has been a lot of adversity during COVID, there has also been a lot of opportunity.

Board Chair Nash thanked the faculty for being here for our students. He noted that many universities are not providing opportunities for in-person instruction. He said he appreciates it and the students appreciate it as well.

Board Chair Nash said that he would like the Board to make policies that empower our people to use discretion with checks and balances in place. He noted that the College hires talented individuals and they need to be empowered to lead the operations of the College.

Board Chair Nash thanked Dr. Gavin for his leadership. He closed his comments by asking that the “Student Success” agenda topic be brought back as a regular item.

ADJOURNMENT

There being no further business, Board Chair Nash adjourned the meeting at 8:01 p.m.
