Benefits-at-a-glance

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Preauthorization for Specialty Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, are preauthorized or approved by BCBSM except in an emergency.

Note: A list of services that require approval **before** they are provided is available online at bcbsm.com/importantinfo. Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Preauthorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request preauthorization of the drugs. **If preauthorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Specialty Pharmaceutical Drugs - The mail order pharmacy for **specialty drugs** is AllianceRx Walgreens Pharmacy, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. AllianceRx Walgreens Pharmacy will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to the OptumRx home delivery pharmacy. (OptumRx is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com/pharmacy. If you have any questions, please call AllianceRx Walgreens Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Your Simply Blue HSA prescription drug benefits, including mail order drugs, are subject to the **same deductible and same annual out-of-pocket maximum required under your Simply Blue HSA medical coverage**. Benefits are not payable until you have met the Simply Blue HSA annual deductible. After you have satisfied the deductible you are required to pay applicable prescription drug copays and coinsurance amounts which are subject to your annual out-of-pocket maximums.

Note: The following prescription drug expenses will not apply to your Simply Blue HSA deductible or annual out-of-pocket maximum

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug

Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> • Generic drug tier - This tier includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay, making them the most cost-effective option for the treatment. • Preferred brand-name drug tier - This tier includes non-specialty preferred brand-name drugs. These drugs are more expensive than generic and members pay more for them • Nonpreferred brand-name drug tier - This tier includes non-specialty brand-name drugs for which there's either a generic alternative or a more cost-effective preferred brand-name drug available. Members pay more for these nonpreferred brand-name drugs.
Prior authorization/step therapy	<p>A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step Therapy, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com/pharmacy.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by an in-network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug plus your applicable copay/coinsurance regardless of whether you or your physician requests the brand-name drug. Exception: If your physician requests and receives authorization for a nonpreferred brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay/coinsurance.</p> <p>Note: This MAC difference will not be applied toward your annual in-network deductible, your annual coinsurance, or your annual out-of-pocket maximum, if applicable.</p>
Quantity limits	<p>To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.</p>

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association.

Note: You **must** obtain a medical evaluation (sometimes called a medical clearance exam) of the ear performed by a physician-specialist before you receive your hearing aid. If a physician-specialist is not accessible, your primary care doctor may perform the medical evaluation. **This evaluation is not covered under your hearing care coverage, so you must pay for this exam unless your medical coverage includes coverage for office visits.**

A physician-specialist is a licensed doctor of medicine or osteopathy who is also board certified or in the process of being board certified as an otolaryngologist. A physician-specialist determines whether a patient has a hearing loss and whether such loss can be offset by a hearing aid.
