

Delta College Downtown Bay City

100 Center Ave. | Bay City, MI 48708

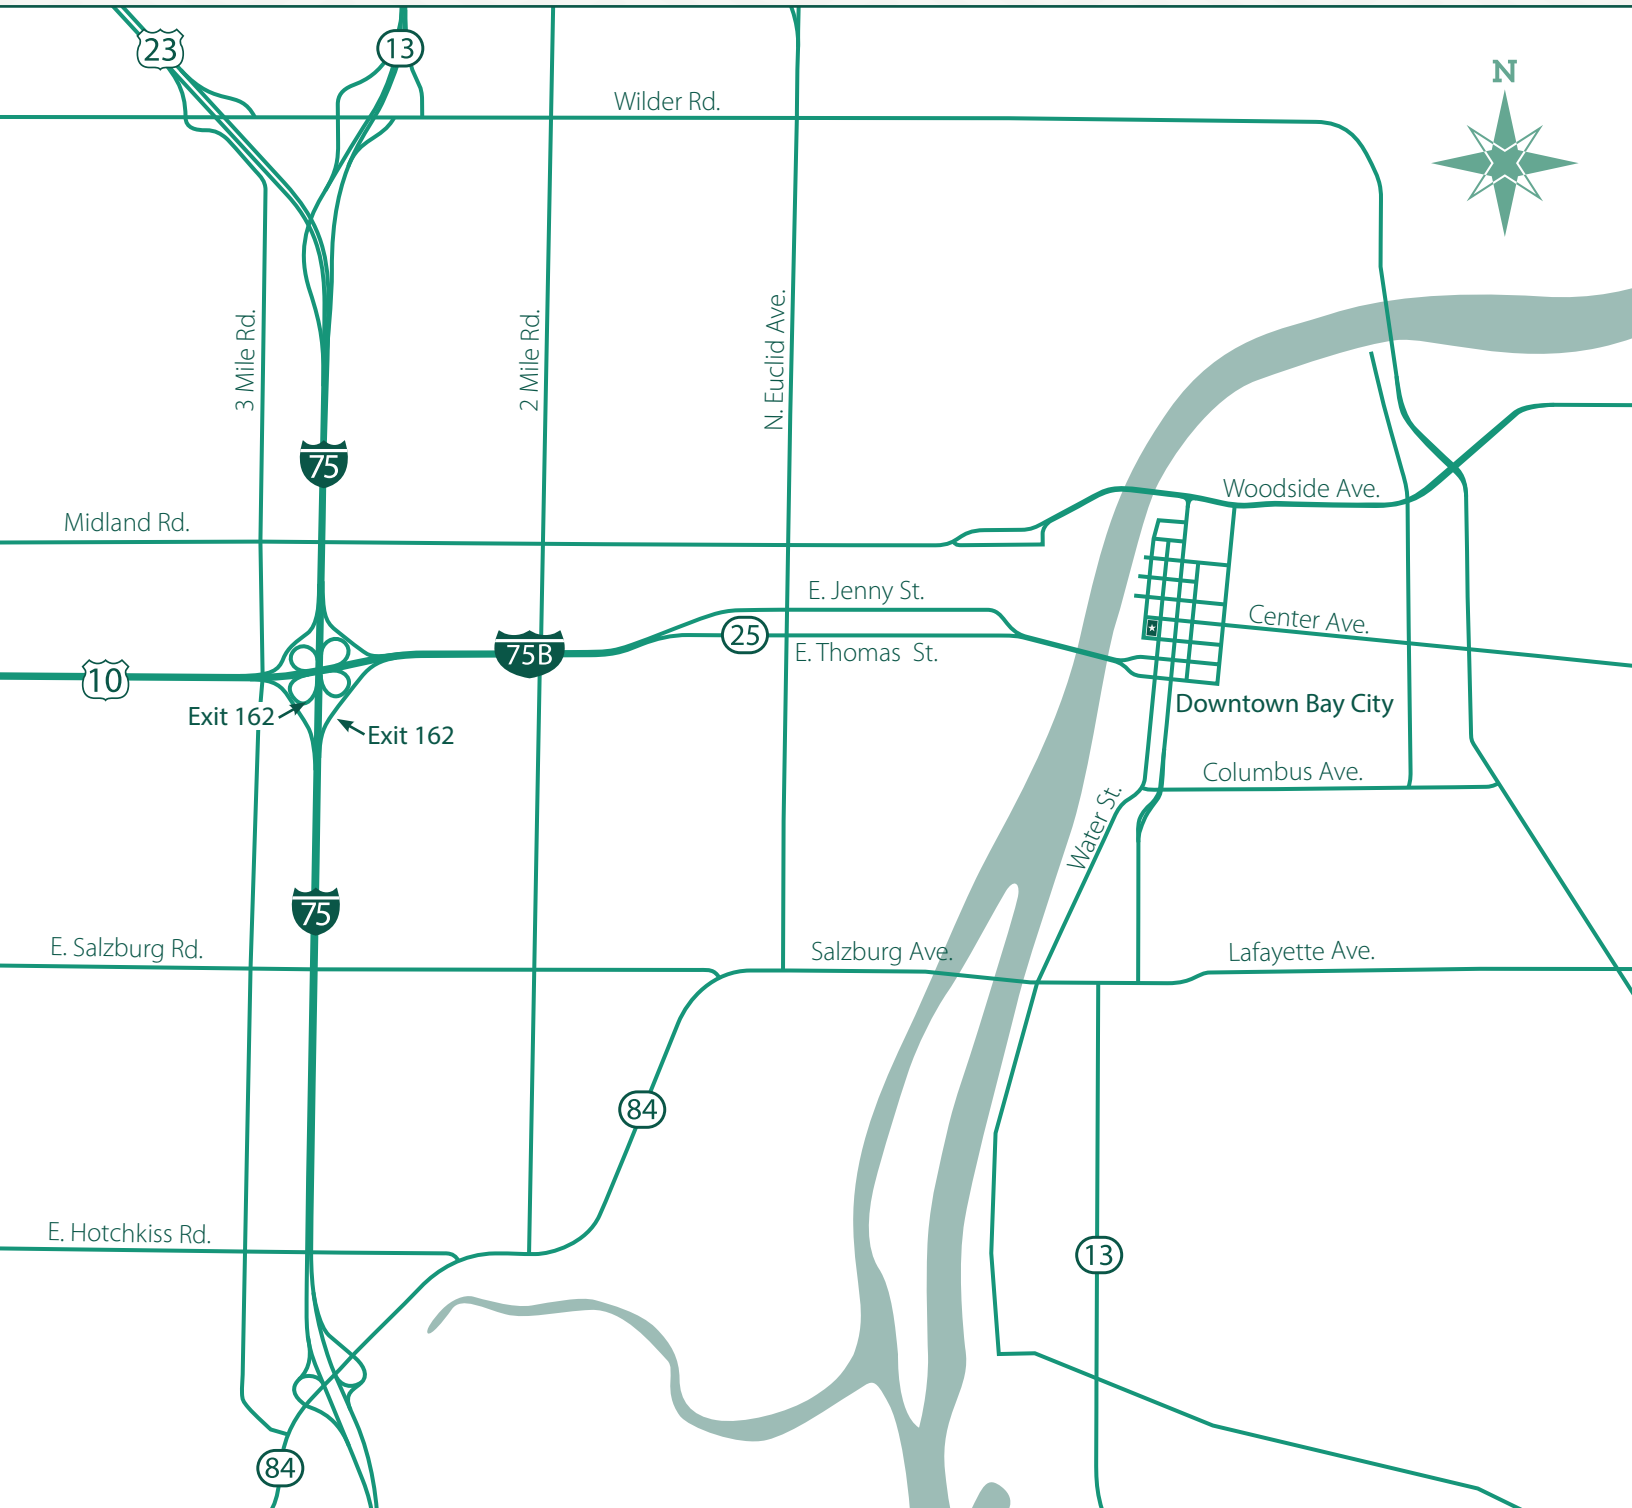

The Planetarium is located in the heart of downtown Bay City, at the beginning of historic Center Avenue. It is within walking distance to Wenonah Park, numerous restaurants, coffee houses, shops and the Alice & Jack Wirt Public Library.

The center has six classrooms and a computer lab where Delta offers many general education classes at times that fit your schedule. Nursing, wellness and, of course, astronomy classes are also available.

Getting there is simple, too. Bay Metro buses stop just a block from the center, making it easy to get to class.
