Definitions:

Data is from IPEDS Graduation Rate Report and IPEDS Fall Enrollment Report. This data is calculated using data from the Delta College ODSdw database and transfer student information received from the National Student Clearinghouse.

FTIAC students are full-time, First Time In Any College students who are degree-seeking.

The Federal **Graduation Rate** is based on a cohort system that is comprised of FTIAC students. In order to be counted as “successful” under this methodology, a student must complete their course of study within 150% of time required for the certificate or degree. I.E. a two year associate degree student would be “successful” if they completed the degree in three years or less.

The **Transfer Out Rate** is based on those FTIAC students who transfer to another institution of Higher Education within the 150% of time to degree and **have not** earned a degree from Delta in the same time frame.

The **Retention Rate** is the number of FTIAC students enrolled in classes in a given fall semester still enrolled OR completed as of the next fall term.
